FIGHT ON IN DUKE ESTATE

**Lunacy Proceedings Will be
Brought Against America
Duke the Widow**

A \$50,000 LEGAL BATTLE

**Estate Involves Over Six Hun-
dred Acres of Rush County
Land**

A suit involving over \$50,000 in many broad acres of good Rush county land will probably have an inning soon in the Rush circuit court.

Lunacy proceedings will be filed in a few days against America Duke, the widow of the late Alfred Duke, by the attorneys of Lola Wright, the only grand child of the Duke's.

Following the death of Alfred Duke, his widow made deeds for all the farm land left to her, giving it to her son, Walter Duke. On January 10th, a forty and eighty acre tract was deeded to him and on January 23d, 70 acres and the old home place of 140 acres came into his possession by virtue of a free deed from his mother. February 12th, he was given the last acre she possessed in the undivided half interest of a farm of 260 acres, which came from the estate of her father, Elijah Moore, great grand father of the Wright girl.

The only share Lola Wright was given in the large estate was \$1430 in money and a half interest in 190 acres, which was ordered to be sold by the court, and her part given her in cash.

Walter Duke receives a like amount of this division.

The lunacy proceedings are being brought, says the Wright girl's attorneys, that a guardian may be appointed for America Duke, and the deeds set aside. They claim that the girl, who is the own blood of the elder Duke, is not receiving anything like a fair division of the estate.

Since the death of Alfred Duke, America Duke and son Walter purchased 100 acres of the Green farm, and this, together with other lands which the mother deeded Walter, makes a total of 630 acres.

Lola Wright is now nineteen years of age, and made her home with Mrs. Frances E. Hufford for many years in this city. They now reside in Indianapolis. Her mother was the only daughter of Mr. and Mrs. Alfred Duke, and was killed in a runaway accident on the old Milroy pike when the girl was hardly two years of age. She was a prime favorite with her wealthy grandfather, and nearly every one acquainted with the family, anticipated that he would provide for a half division in his estate in his will. But a will has never been found. During Alfred Duke's life time he provided for the young girl, while she attended school in this city.

By virtue of the deeds given, America Duke retains a life interest in the entire estate, which she held with her late husband by entires.

Some there are who bring out the fact that in event of Walter Duke's death, under present holdings, the bulk of the estate would go to one not of the Duke blood, while the own flesh and blood would be receiving a paltry approximate one sixth or seventh.

Hall & Campbell and B. F. Miller are appearing for Lola Wright.

The case promises to be one of the hottest legal battles in this county for several years, as Alfred Duke, the well-to-do young farmer, who will be much in evidence in the suit, will probably bitterly contest it until the end.

Dr. J. G. Lewis, who as a boy, was a farmer has driven a horse for so many years that everytime he attempts to stop his new auto he yells "whoa," but the thing won't whoa a bit. It just keeps on at its regular pace. Then "doo" wakes up, throws off the power and puts on the brakes. It is said that one night recently he tried to unhitch his "horse" and discovered that he was taking off his gaiters.

SIGN OF APPRECIATION

**Mrs. Gray Presents Boys With
Water Melon on Ice**

Mrs. Hugh Gray, of North Perkins street, in the goodness of her heart, pleasantly surprised Street Commissioner Greenlee and his force of men today, because of her appreciation of the excellent improvements they are making in the street near the Gray residence, by presenting them with a large watermelon on ice. Sufficient to say the boys expressed their gratefulness to Mrs. Gray between bites, as the melon was delicious and their stomachs were "in tune."

BRONZE MEDALS OF HACKLEMAN

**Likeness of Rush County's
Illustrious Son Given
to the Old Vets**

NIECE GETS A MEDALLION

**Dying Words of General Killed in
Civil War are Inscribed on
the Back**

Mrs. T. Melville Greenlee, of West Third street, is the recipient of a bronze medal which bears a likeness of her illustrious uncle, General P. A. Hackleman, who was killed during the civil war. The medals were given to the old veterans last week by the board in charge of the State Fair, and a more appropriate gift, and one that would be more appreciated by the soldiers could be hardly selected.

On the front of the medal appears a good likeness of the famous Rush county soldier with his dying words, "I am dying, but I am dying for my country." On the back is found: "General Hackleman was the only General from Indiana killed in battle during the civil war. Born November 15th, 1814. Killed at Corinth October 3d, 1863. This medallion presented to the veterans of Indiana by the State Board of Agriculture, State Fair, Indianapolis, 1907."

LITERARY CLUB OPENS TO-NIGHT

**Rev. Cowling Will Read Interest-
ing Paper Before the
Members**

The Wednesday Evening club, one of the most prominent literary clubs in Indiana, before whom Rev. Tinsley read his paper last year, and for which he will face a heresy trial, will meet tonight for the first time this season. The new officers have been elected and a program for the entire year has been arranged.

Rev. J. F. Cowling, pastor of the First Presbyterian church, is first on the program, and will read a paper tonight on "The Origin of Man," which promises to be very interesting, as Rev. Tinsley's paper brought out this same subject before the club last winter, however, Rev. Cowling holds entirely different views from those of the former pastor of St. Paul's M. E. church.

The new officers elected are as follows: W. O. Headlee president, A. E. Martin, vice president, and Prof. W. A. Stockinger, secretary.

The Ladies Aid Society of the Homer Christian church supplied the dinner at the Washington Reed's sale yesterday and cleared forty-five dollars.

THREATENED TO KILL THE DOCTOR

**Samuel Miller of Moscow,
Was Placed Under a \$400
Bond Today**

CASE IN SQUIRE'S COURT

**Physician Feared Man Would
Make Good His Threat Some
Dark Night**

"Being a physician," said Dr. Charles Phipps, of Moscow, today, "and having to go out at all hours of the night, it is no pleasant thing to have a threat of murder hanging over one's head." The Moscow doctor was the plaintiff in the case which held the boards in Squire Jackson's court today. He swore his life against Samuel Miller, whom he said had made a threat to kill him.

The trouble, it is said, grew out of the fact that the doctor asked the plaintiff for an old debt.

After hearing the evidence, Squire Jackson placed Miller under a \$400 bond. A number of Moscovites attended the trial.

ONLY HAD ONE ARM BUT COULD STEAL

**Bold Cripple Made Away With a
Coat in a Barber
Shop**

He was only a one armed fellow, but he was capable of taking things as though he possessed two wings. Yesterday evening, Thomas Osborn, a bartender at the Elk saloon, went into the East Side barber shop to get shaved, and while a hot towel was laid over his eyes, a one armed stranger entered the place and made away with his coat. As soon as he got out of the chair he discovered his loss, and immediately instituted a search for the fellow. He was located near the I. & C. power house, and it was only after Harry Striker, an I. & C. conductor, came to Osborn's assistance that the fellow would give over the stolen property. City Marshal Price was notified, and after a run to the railroad bridge east of this city, was unable to locate the fellow, and came to the conclusion that he had shook the dust from his feet, and it was good riddance of bad rubbish.

COHEE NOW A FREE AND HAPPY MAN

**His Fate Hung on the Wires for
Several Minutes as He
Listened.**

He was excited and nervous, answering a long distance call. Kept hollering "Hello!" into the receiver in a hysterical manner until the party who called him, was put on the line. Then he listened, with his heart in his throat, scarcely breathing. It was for the world like one hearing their own death sentence read. Of a sudden a sigh of relief went up from the man at the phone, and a smile played over his pale countenance.

"Thank God," he exclaimed in an audible tone, "I am a free man."

The "hearer" at the phone was George Cohee, a barber from Greenfield, who recently accepted a position with Charles Moore here. He was granted a divorce.

TYPHOID FEVER CAUSES SANFORD MULLEN'S DEATH

**Prominent Contractor Passed
Away Monday
Morning**

Sanford A. Mullen, prominent resident of Blue Ridge, died at his home near the Rush and Shelby county line at 4:30 p. m., Monday, of typhoid fever, aged 53 years.

Mr. Mullen had been a lifelong resident of the county and was a well known carpenter contractor. Many beautiful residences throughout the county stand as monuments this of skill and ability in that line.

Deceased leaves a wife and nine children—five sons and four daughters. The sons are Jake, George, Curtis, Harry and William. The daughters are Mrs. Stella Neeb, Mrs. Mary Creed and Misses Ethel and Delpha Mullen.

Mr. Mullen was a prominent member of the I. O. O. F. lodge of Blue Ridge; also of the Encampment and of the Daughters of Rebekah. The Odd Fellows will have charge of the funeral services which will be held in the Christian church at Blue Ridge, Wednesday at 10 a. m., the Rev. Loren Tillison officiating. Interment will be made in the Blue Ridge cemetery.

COUNCIL WAS VERY QUIET LAST NIGHT

**Tenth Street Improvement Re-
monstrance Settled--Down
Spouts Must Go Down**

The city council met last night in regular session with all the members present and Mayor Cowing presiding. The work was very brief as only a few things came up before the dais.

The remonstrance which was filed by a number of Tenth street residents, was settled by the residents' accepting an assessment in accordance with the benefits derived to the property of 75, 15 and 10 per cent only on the street improvements. The sidewalk and gutter improvements will be assessed as all the others.

A few street crossings were ordered on Tenth street, also at the Jackson school building, which will be made of brick. As the merchants are not using so much electricity a motion to reduce the price of electricity in the store are lights was placed in the hands of the water and light committee.

Permission was granted to the trustees of the Second Baptist church and Scott Brannum to build cement sidewalks in front of the church and Mr. Brannum's residence.

One of the most important matters before the council was the instructions to the clerk to notify property owners to put their down spouts under the sidewalks, instead of allowing the water from the eaves to flow on top of the pavement. This is an important thing as several people last winter were injured by falling on the ice which had frozen on the sidewalk.

SINGER OF GREAT NOTE WILL BE HERE SATURDAY

Mrs. Charles Stewart Maxwell, who will assist in the recital given by the pupils of Miss Pearl Booth at St. Paul's M. E. church Saturday afternoon and night, is a vocalist of some note. The Greenfield Star has this to say where she sang at a union meeting: "Mrs. Charles S. Maxwell, of Indianapolis, sang in a most pleasing and effective manner the well known solo, 'I know that my Redeemer Liveth,' from 'The Messiah.' Mrs. Maxwell possesses a splendid and well cultivated voice of good range and pleasing quality."

Sam Wilkinson, an inmate of the county poor farm, who has an attack of heart trouble, is seriously ill today.

WATSON GETS A GOOD SEND OFF

**First Large Gun of Watson
Campaign Fired at In-
dianapolis Yesterday**

HEARD ALL OVER INDIANA

**Congressman's Record is Re-
viewed—Easily the Foremost
Man in the State**

The formal announcement of Congressman James E. Watson, as a candidate for the gubernatorial nomination bloomed forth in a general State announcement in the Indianapolis Star this morning. At the Claypool hotel last night, Mr. Watson said:

"I have determined to be a candidate for the Republican nomination for the governorship of Indiana. I have arrived at this conclusion only after the most careful consideration and most earnest deliberation. I am a candidate because I want to be Governor of Indiana. I have studied the duties and responsibilities of the office and believe I can meet them with credit to myself and with honor to the State."

"I am not leaving Congress without much regret, but my desire to be Governor of my native State is so earnest that I have put all congressional ambition behind me, and henceforth shall entertain but the one hope of being chief executive of Indiana."

"I am making my campaign solely upon my own responsibility, free from all pledges, promises or alliances whatsoever."

"I am in the fight to win. I desire to meet as many of my fellow citizens as I possibly can meet before the reconvening of Congress in December, and I want my friends in Indiana to rally to my support and aid me in landing the nomination."

He stated that he will make as active a campaign for votes as possible until the opening of Congress. When asked if he intends to groom any man to succeed him as representative in Congress, from the Sixth district, he stated in the most positive language that under no circumstances whatever will he be drawn into that contest. All of the aspirants, he said, have been his warm friends and supporters and he would be an ingrate to take sides in favor of any one of them as against the others.

"It will be a free and open fight," he added, "and may the best man win."

Mr. Watson attained State prominence in 1894, when he was a candidate for secretary of State, and was second in a list of strong candidates before the convention. He moved from Winchester to Rushville in 1893. He was elected to the Fifty-fourth Congress over the veteran William S. Holman in a memorable contest and has been a member of the national lawmaking body five terms.

In Congress he has made a brilliant record and his advancement has been rapid. Probably no other member of the lower branch is as close to Speaker Cannon as Mr. Watson. He is a member of the Ways and Means Committee and the Committee on Merchant Marine and Fisheries and is "whip" of the House, a position second only to that of the speaker in managerial importance.

His ability as an orator of tremendous resources has been demonstrated repeatedly. He was the leading figure on the stump in Indiana in the campaign of 1904, and the addresses which he made during that campaign created a great deal of favorable comment. Speaker Cannon, who is very fond of him, frequently refers to him as the most eloquent man in the House of Representatives on either side."

He also enjoyed the confidence of President Roosevelt to such an extent that the President, in the contest of 1904, wrote him a letter defining and outlining the campaign issues from the chief executive's view point.

Mr. Watson's friends say that if nominated for Governor he will conduct the most active and aggressive campaign ever waged for that office and will speak in every county in the State.

ANOTHER "WEIGH" Postoffice Employees Face An- other Tedious Task

Beginning at midnight on October 12th, the local postoffice will begin a week weighing, counting and securing intricate data concerning all the mail received and collected. The securing of this information will make a busy week.

Not only does the government require that all mail collected be weighed, as it is done by order of the department for six months beginning July 1st, 1907, but all mail collected must be counted by pieces and all stamps attached to them must be counted and their value kept account of. Similar data will go out for a week in every postoffice in the country.

GYMNASIUM FOR THE HIGH SCHOOL

**Scheme For Raising Nec-
essary Funds is Planned
by the Students**

A MOST WORTHY CAUSE

**Citizens Should Respond Liber-
ally as it Will be of Great
Benefit to Young Men**

The high school boys are determined on a gymnasium at the Graham high school building. Excellent quarters for such an institution are to be found there, but to date the where withal for "gym" paraphernalia is not forthcoming.

No liberal citizen can be found who will unloosen the strings in his purse that a movement in the way of a health producing organization, be erected to his memory. It would cost but a few hundred dollars, and the good it would have on both the minds and bodies of the students could never be measured in dollars. So much for that.

But the boys have hit upon a plan to raise a "gym" fund, and it is a heartless and stingy creature who will not give his moral and financial support if he is able. They propose to sell season foot ball tickets at one dollar each, and whether you favor seeing a hot contest on the gridiron or not you should buy a ticket and contribute your mite towards this worthy cause. It is little less than missionary work. It will prove a stronger factor for good than many so-called deserving causes where one is requested to put in pennies in a bag to the amount of twice the number on your horse size or the number on your lawn mower.

But what's the use of talking—just think it over a minute and buy a ticket. The boys will sincerely appreciate it.

March of the 600 Brigade

One would think that a political campaign was on in Rushville from the number of placards in the windows of the residences about the city. And they would be wrong. But it is a campaign that is responsible for the window decorations, however, not political, but religious. The large cards in the windows announce that the household is preparing to attend a great Bible rally at the Christian church next Sunday. In bold type, the cards say: "We're Going—to the Main Street Christian Church Bible School Rally. Our Motto:—600 Present. Time, Sunday Morning, September 22d, at 9 o'clock. "Come, go along."

Those who are candidates for Congress in the Sixth district, will please sign their names here. A record will be kept and alphabetical statistics compiled of the names.

ENORMOUS SUM PAID ANNUALLY

**Rush County Teachers Sal-
aries Runs Into Thousands
of Dollars**

SCHOOL SYSTEM IMMENSE

**Walker Township Leads in Num-
ber of Pupils Enrolled
Last Year**

In the statistical reports which County Superintendent W. O. Headlee has just completed and forwarded to State Superintendent of Public Instruction, Fasset A. Cotton, many interesting points are brought out pertinent to the system of Rush county schools and what it requires to run them, which should be known by every citizen in the county.

In the total number of pupils in each township of the county, Walker township leads with an enrollment of 356, and an average daily attendance for the year 1906-07 of 330. The total number of pupils enrolled in the twelve townships during last year was 2764, not including the Rushville schools, of which 1268 were girls and 1416 were boys, the boys being in the majority.

Taking the townships alphabetically in total attendance, they are as follows: Anderson, 298; Carthage 287; Center, 211; Jackson, 140; Noble, 229; Orange, 196; Posey, 294; Richmond, 130; Ripley, 126; Rushville, 219; Walker, 356; Washington, 187. The total enrollment in the Rushville city schools is 580, making a grand total in the county of 2911 pupils.

The financial report shows that \$58,539 was paid to all the teachers in the county for welding the birch last year, and of this sum the city of Rushville paid \$13,905. It cost the county \$372.60 per day for teachers alone during the term of 1906-07.

A report of the attendance of the first day of this term of school is being prepared by the county superintendent, which will be ready for publication in a few days.

TAPS SOUND FOR THE AGED COLONEL

**Last Battle in the Life of Col.
M. D. Packett Was Fought
Today**

The sad intelligence of the death of Col. M. D. Tackett, of Greensburg, was received in this city this morning. The aged colonel has been struggling with death for many days, and had been in an unconscious condition since last Sunday.

Col. Tackett was, in his day, one of the ablest attorneys in this part of Indiana, and for four years served as Prosecuting attorney of the Rush and Decatur judicial circuit. During his official career he made many warm friends in Rush county, and local members of the bar pronounce him one of the ablest prosecuting attorneys that ever appeared in the Rush circuit court.

Deceased was a prominent member of the G. A. R. and was State Commander of that organization for several years.

DOMESTIC STORM BLEW HARD AT GLENWOOD

Connersville News: Sensational tales from Glenwood were heard about the city today, relative to a storm, which is said to have broken out in that village between ten and twelve o'clock last night, casting a shadow over two families. Nothing specific could be learned regarding the matter.

ANNOUNCEMENT.

John O. Holmes is a candidate for actuary of Rush County Farmers' Insurance Association, subject to the election Oct. 12, 1907. If elected, will have office in Rushville for the accommodation of members every business day in the week. Will devote all my time if necessary that the business of the Association may be done properly.

The Lafayette Journal says Mr. Bryan makes a noise like a man who thinks the government needs a vast amount of advice.

Before the completion of the Panama canal we suppose our friends, the Democrats will be claiming that it too was originated by the Democratic party.

Peace conferences, such as that of the Hague, might be able to accomplish a great deal more if it were not that there is so much human nature in human beings.

Bearing upon the Republican party and revisions of the tariff the Muncie Press makes a good point when it says that the Republican party made the Dingley law and proved that it was able to frame a tariff law that is both wise and just, and to assert that it cannot alter that law to meet changed conditions is to assert that the creature is greater than the creator.

To Congressman Longworth, son-in-law of the President, are attributed the following words: "President Roosevelt will not become a candidate for renomination unless the entire country demands it. He has firmly made up his mind to stick to this course, and only a more widespread demand for him to accept the nomination will alter

A FORMAL CANDIDATE

Mr. Watson at Last Makes Long Expected Announcement.

Indianapolis, September 18.—Congressman James E. Watson, representative in congress from the Sixth district, today made a formal announcement of his candidacy for governor. Following this announcement Mr. Watson stated that he will make as active a campaign for votes as possible until the opening of congress. When asked if he intends to groom any man to succeed him as representative in congress from the Sixth district, he stated in the most positive language that under no circumstances whatever will he be drawn into that contest. All of the aspirants, he said, have been his warm friends and supporters and he would be an ingrate to take sides in favor of any one of them as against the others. "It will be a free and open fight," he added, "and may the best man win." Mr. Watson said: "I am not leaving congress without much regret, but my desire is so earnest that I have put all congressional ambition behind me, and henceforth shall entertain but the one hope of being chief executive of Indiana."

The Federation of Labor is planning to enter the political game in Indiana. It was reported today that at the annual meeting at Muncie next week the political situation will be thoroughly discussed and that action may be taken on the candidacy of some of the favorite sons who are angling for the Republican nomination for governor. Some of the labor leaders have been severely criticizing Congressman Jas. E. Watson of Rushville and Charles W. Miller of Goshen, the leading candidates for governor on the Republican side. It is said, however, that the deepest feeling is toward Congressman Watson because he endorsed William Blakely of Shelbyville for state factory inspector. Blakely was appointed notwithstanding the protests of the labor organizations, who regard him as unfriendly to them because of the part he took against the unions in their fight to control the various industries at Shelbyville a few years ago. One labor leader declared, however, that the objection to Blakely would have been raised against any other man who might have been appointed if he had not been a union laborer. The unions regard the state factory inspector's office as their very own, and they are very bitter because one of their followers was not appointed.

his determination." If Mr. Longworth did say this, it is to be regarded as significant and we suspect the interpretation put upon it will be much the same, whoever the interpreter may be.

Auditor Billheimer is going after the rebaters in life insurance. If he succeeds in this to the degree that he has succeeded in similar attempts at reform he will add another to his well-earned laurels. This is one of the greatest evils in the life insurance business and it will be better for all concerned the day it is abolished. It will be better not only for the policy holders, but also for the companies themselves. It is an abuse that is mighty hard to get at, however, and it will require more than an ordinary effort on the part of the auditor to wipe it out.

The McKinley tariff law was enacted just before the national election. There was no time to determine what would be the effects of it. The anti-protectionist; therefore set about making all sorts of misrepresentations and the people had no opportunity to test these statements by the facts. It is said that in some regions peddlers were sent over the country pretending that they were selling wares required in every household, and asking enormous prices. Then they would pretend that these prices were caused by the new tariff law which they said would raise the price of everything except what one had to sell. To what degree this practice prevailed may be a question, but everybody knows that there were countless misrepresentations equally flagrant.

Of course these same anti-protectionists would like to have a similar opportunity in the coming campaign, and they would doubtless make the most of it in a similar way.

ed to succeed Mr. McAbee. They are not making any complaints against the administration of Blakely, as he has appointed none but union men as his deputies, and he is said to be showing a disposition of great fairness toward them, but the fact that he is not a unionist himself militates against anything he may do in their behalf.

It has been discovered at Auditor of State Billheimer's office that the last legislature enacted a law not authorizing the state board of tax commissioners to see that all taxes are collected, but to aid the county treasurers in forcing delinquents to pay up. Heretofore it has not been the custom of the state board to interfere with the local officers. Attorney General Bingham holds, however, that the state board must co-operate with the county treasurers in going after the tax dodgers. The treasurers must make a list for the state board, after which the latter will take action to have taxes collected. It is expected that this plan will result in several million dollars being collected within the next year or so.

Brutal Husband in Jail.

Hartford City, Ind., Sept. 18.—After his wife had interceded for him and had obtained his release from the police court, Marion Smith took her home and gave her a cruel beating. Mrs. Smith is in a delicate condition. After beating the woman until she was unconscious, Smith left the house and called a physician, but afterward he returned and threw the medicine away. His arrest followed, and he was committed to jail to await the outcome of his wife's injuries. She is not expected to live.

Horrible "Blood Sacrifice."

Ottawa, Ont., Sept. 18.—News has just reached here from Midland, Saskatchewan, that Mrs. John Anderson, a farmer's wife, killed her three sons, aged respectively eighteen months, six years and eight years. After killing them she cut them up in a horrible manner. She also attempted to kill her eleven-year-old daughter. The mother has religious mania and says the triple murder was a blood sacrifice.

Form of Prescriptions.

Bloomington, Ind., Sept. 18.—The state board of medical examiners is sitting here as a court in the trial of Dr. J. N. Fleener, a well-known physician of this county, and the final decision will have an important bearing on just how far a doctor can go in issuing prescriptions for liquor in cases of alleged illness.

The charge against Fleener is that in less than two months he issued over 200 prescriptions to be filled at different drug stores in the state, and in many cases these prescriptions, as alleged, were only a pretext to get liquor, as all the saloons were closed. It is further alleged that Dr. Fleener established an office here for the purpose of evading the law. The examination is being held at the Hotel Bowles, and Judge Miers represents Fleener. Mayor Malott and Deputy Prosecutor Loudon are assisting in the prosecution, and the attorney for the medical board is James Garvin. The defense of Fleener is that he did not know he was violating the law, as he considered the question to mean that he had authority to use his own judgment in such cases.

As soon as the Fleener case is disposed of, Dr. W. P. Hacker, also of this city, must answer a like charge. Members of the board who are hearing the court of inquiry include Drs. Dunnen, Spurgeon, Gott, Holland and Crawford.

THEY MUST BE GOOD

South Bend Saloon Keepers Form
Protective Association.

South Bend, Ind., Sept. 18.—An organization known as the "Good Saloon Keepers' League," has been formed here, with Charles Borts as president. The object is to see that all saloon keepers keep within the bounds of the orders handed out by city authorities, and to "peach" on the fellow who does not obey instructions. Its first move was to cause the arrest of Jos. Neddo, because a relative, John Neddo, took part in crusades here against gambling. Neddo, who was arrested on the charge of stealing brass six years ago and jumped a bond furnished by his mother, returned to South Bend recently after the case had been dismissed in the circuit court. It is also credited with having caused several Mishawaka saloon keepers to testify before the grand jury. Subpoenas were served on several Mishawaka saloon men, at any rate, and they were asked to tell what they knew relative to alleged violations of the liquor laws in Mishawaka.

Too Many Cats at Warsaw.

Warsaw, Ind., Sept. 18.—Warsaw is afflicted by a plague of cats and the health authorities have issued a warning with a view of preventing a possible spread of disease. Scores of the homeless felines are prowling about the streets of both the residence and business districts. Citizens have appealed for relief, and members of the city council have been approached with a view of having an ordinance passed to compel persons owning cats to keep them at home and to care for them, and to provide for the disposition of other felines that are not claimed.

Lawyer In Trouble.

Veedsburg, Ind., Sept. 18.—Some weeks ago Ralph Cromley overtook a young fellow who had stolen a whip from his buggy, and he used the whip vigorously on the fellow for stealing it. The whipping was witnessed by Whalley Miller, an attorney, who, as alleged, addressed a letter to Cromley in which he stated that if \$25 was paid he (Cromley) would not be prosecuted for the assault. Cromley retaliated by causing Miller to be arrested for attempted blackmail. The last named has been released on \$1,500 bond, pending trial.

Sawed Their Way Out.

Rensselaer, Ind., Sept. 18.—Frank Bibbe, alleged horse thief, and Wm. McCoy, in jail on the charge of criminal assault, escaped from the Jasper county jail and efforts are being made to obtain bloodhounds to help run them down. It is believed they used a pair of scissors to saw through the large bars of the window, after getting out of their iron cage. They were the only prisoners confined in the jail at the time.

She Was Despondent.

Anderson, Ind., Sept. 18.—Despondent over the loss of her child and also her husband less than a year ago, Mrs. Clara Overlay, seventeen years old, daughter of Mr. and Mrs. William Ellison of this city, attempted suicide by swallowing morphine. Her condition is critical, but physicians believe she will recover.

Chicago, Sept. 18.—The new charter authorized by the state legislature at its last session for the city of Chicago was rejected by the votes at Tuesday's special election by a majority of over 62,000.

Little more than half of the registered vote was cast, final figures, unofficial, showing 59,446 ballots for the charter and 122,054 against it. The total vote polled was 181,500, out of a registered vote of 361,968. The light vote was due to some extent to the

FREDERICK A. BUSSE.

fact that the election was a special one and that the granting of time off for the purpose of voting was optional with employers, and in the majority of cases voters were obliged to go to the polls before going to work, or not at all.

Mayor Busse issued the following statement last night:

"It is evident from the result today that a great majority of the people of Chicago either do not want a charter or are not sufficiently interested in a new charter to go to the polls and vote. The very light vote polled and the majority against adoption clearly proves that. I think this indifference on the part of the public has been a mistake. While the charter contained some provisions that were disagreeable to this, that or the other special interest or element in the community, yet on the whole it was a good thing for Chicago. Its adoption would have enabled the administration to do many things in the way of public improvements which would have been of lasting benefit to the city and its people."

HIS FEELINGS HURT

Director General of Jamestown Exposition Makes a Roar.

Norfolk, Va., Sept. 18.—In a letter addressed to the committee of directors which arranged a settlement of differences existing some weeks ago between himself and President Harry St. George Tucker of the Jamestown exposition, James W. Barr requests to be relieved of his duties as director general. Continued conflict between Mr. Tucker and Mr. Barr over the social features of the exposition causes Mr. Barr's action. He claims he cannot continue in his position and maintain his self-respect.

Lonely Woman's Deed.

Los Angeles, Cal., Sept. 18.—Driven insane by brooding over her ill-health and the protracted absence of her husband in Iowa, Mrs. Anna Baker, thirty-one years old, left the home of her brother-in-law, accompanied by her seven-year-old daughter and proceeded to the shores of Johnson lake, where she hurled both herself and daughter into the deep waters of the lake. The woman left a note asking that her body and that of the child be sent to Streator, Ill.

Doan's Kidney Pills cure sick kidneys.

Rushville people endorse this.

Mrs. M. T. Lewark, 1033 N. Perkins street, Rushville, Ind., says: "I had not been feeling very well for some time. I found that my kidneys were out of order, as the secretions were not normal and caused both irritation and embarrassment. I was compelled to rise frequently at night, and was tired mornings and felt depressed and worn out during the day. I read of Doan's Kidney Pills being good for such troubles, deciding to try them got a box at F. B. Johnson & Company's drug store. They have done much good and have banished the kidney trouble. I shall influence my husband to take them for a lame back from which he is suffering. I feel very grateful for what Doan's Kidney Pills have done for me."

In Memoriam.

The funeral services of Miss Pansy Hall were held at her home, "Nelsy-rite," near Raleigh on Sunday, September 15th at 10 a. m., conducted by the pastor of the First Presbyterian church of Rushville. A large number of friends and relatives were in attendance; the music furnished by Miss Ida Spurrier was especially sweet. The pall bearers, all cousins with one exception, were Ralph Miles, George Hooper, Willie Hall, Roy Mays, Hale Pearsey, and Omer Greenwood. The interment was at East Hill cemetery.

The death which was caused indirectly by an accident which occurred some weeks ago, was an unusually sad one. The father, mother and one brother, Meredith, survive.

Rev. Cowling read the following in connection with the services:

Oftentimes, one in walking through the woodland, catches the breath of a flower as yet unseen, and on investigation finds a sweet blossom of rare beauty and fragrance, hidden away, modestly exhaling its sun-kissed perfume. So it is in life—occasionally one comes in contact with a soul, sweet pure and beautiful, whose perfume penetrates every other life, which approaches, testifying to the world that it has been near to God. Such a life was that of Pansy, eldest child of Lafa G. and Fannie Meredith Hall, who came to them like a breath from heaven, August 18th, 1886.

From childhood she was an unusual character, unconsciously influencing for good; quite, gentle and modest. "None knew her but to love her, None met her but to praise."

Nobility, faithfulness in that which was least, great strength of character, brilliant intellect, triumphant faith in God, love of nature, the birds, bees and flowers were all the friends, loyalty to her own, and loving kindness to everyone, were Pansy's strongest characteristics. "God keeps a niche in heaven" for just such lives, and when ready calls them home.

Pansy graduated from the Raleigh high school in 1901, and completed the course in Shortridge high school in Indianapolis, June, 1906. Her short life, which ended Thursday, September 12th, 1907, was full of promises, and it is hard to have her "snatched away in beauty's bloom," but this human flower, this lovely rosebud, our "Pansy Blossom" is only transplanted to bloom in God's garden with the little sister Marguerite, and the other lost loved ones gone before. Up there, the sweet life will go on while the life she lived on earth is an inspiration to those left behind.

God only loaned this pure, lovely girl for a little while to bless, brighten and glorify her home. She has shown us all the good that a life joined with Christ can do. Some day we "will know the meaning of our tears," and fully realize "that all God's plans are right. And what we deemed reproof was love most true."

"We are quite sure He will give them back—bright, pure and beautiful, We know He will but keep Our own and His until we fall asleep We know He does not mean, To break the strands reaching between The Here and There. He does not mean—tho' heaven be fair— To change the spirits entering there, that they forget The eyes upraised and wet, The lips too still for prayer, The mute despair. He will not take The spirits which He gave and made The glorified so new That they are to me and you. God never made Spirit, answering shade for shade, And placing them side by side— So wrought in one, though separate, mystified— And meant to break The quivering threads between. When we shall wake I am quite sure, we shall be very glad That for a little while we were so sad."

TO SUCCEED ROGERS

H. C. Frick Said to Be Slated for This Job.

New York, Sept. 18.—Officials of the Standard Oil company, it is whispered in Wall street, never expect H. H. Rogers to have much to do with the corporation again.

John D. Rockefeller is known to have slipped away from his Cleveland

HENRY CLAY FRICK.

summer home for at least one trip to New York and to have visited Standard Oil headquarters at 26 Broadway for the first time in eight years. Financiers have no doubt his visit related to the turning over of the business to a new head.

Men in touch with the Standard Oil plans say there is little doubt that H. C. Frick will be the company's active manager. The rumor of his selection was current some time ago, and the belief was general that he hastened his return from Europe a few weeks ago for a conference with H. H. Rogers—a conference it has never been possible to hold owing to the condition of the latter's health.

Rogers's acquaintances say the terrific strain under which he spent nearly all of his business life makes his sudden collapse not at all surprising. Many stories are told of the remorselessness with which he worked, his indifference to fatigue and the recklessness with which he sacrificed his health on the altar of commercial necessity.

Broke All Records.

San Antonio, Tex., Sept. 18.—All records for rifle shooting at wing targets were broken yesterday when A. D. Toepferwein, the champion, broke 5,750 targets without a miss. Toepferwein began to shoot at 8:30 o'clock in the morning, but had to stop after making the above score because the powder from the cartridges became lodged in his eye and seriously affected the sight.

Cotton Brokers Fall.

New Orleans, La., Sept. 18.—The suspension of the firm of L. H. Hardie & Co., cotton brokers, was announced on the floor of the cotton exchange here late yesterday. Inability to collect margins is said to be the cause. Members of the firm say their liabilities will not exceed \$20,000. The failure is not regarded on the exchange as a serious one.

IT SEEMS STRANGE

That None of the Standard Oilers Know Where Important Records Are

MR. KELLOGG'S OPINION

Uncle Sam's Prosecutor Had Something to Say About Astonishing Lack of Information.

Figures Relating to Standard Oil's Vast Profits at Last Go on Court Record.

New York, Sept. 18.—Delving into the financial workings of the Standard Oil Company of New Jersey, the holding company of all the subsidiary organizations of the so-called oil trust, Frank B. Kellogg, conducting the federal suit for the dissolution of the company, brought forth to public view for the first time the enormous profits made by the Standard Oil company. In a period of eight years from 1899 to 1906 inclusive, the Standard Oil company, on a statement spread upon the record, was shown to have earned the total profits of \$490,315,934, or at the rate of more than \$61,000,000 a year, and distributed to its shareholders in the same period \$308,359,403.

While the company was earning these vast sums in the refining of oil the statements adduced at the hearing show that between 1899 and 1906 the assets of the company grew by leaps and bounds from \$200,781,523 to \$381,314,531. The capital stock is \$98,338,382. Financiers and those seeking knowledge of the exact profits of the Standard Oil company have striven vainly to obtain the figures which Mr. Kellogg succeeded in placing upon the record of the court. The Standard Oil company makes no statement of its business other than the declaration of a dividend, and makes no public announcement by which its business may be gauged.

The hearing brought out much information which Mr. Kellogg obtained from the Standard Oil company. Mr. Kellogg obtained a statement showing that the Standard Oil Company of New Jersey controlled by stock ownership over seventy companies engaged in the refining and the transportation by pipe lines of oil on Sept. 14, 1907. The Standard Oil company had always carefully guarded the list of its subsidiary companies and the amount of its share-holdings. The list showed that the Standard Oil Company of New Jersey owned \$999,000 of the total capital stock of \$1,000,000 of the Standard Oil Company of Indiana, which was recently fined \$29,940,000 by Judge Landis in the United States circuit court in Chicago for rebating.

Mr. Kellogg's efforts at the hearing to obtain information of the records of the liquidating trustees who had charge of the liquidating of the Standard Oil trust and the exchange of the liquidating trust certificates for the shares of the Standard Oil Company of New Jersey were not rewarded. Charles M. Pratt, secretary of the Standard Oil company, who testified that he had been a liquidating trustee, said he did not know the whereabouts of the records and could recall but little regarding the liquidation in the Standard Oil trust. Clarence Fay, assistant comptroller for the Standard company, was also unable to give the government inquirer the information he desired, which caused Mr. Kellogg to remark just before the hearing closed, that he thought it strange that no one in the Standard Oil company seemed to know where the records of the liquidating trustees could be found.

You may buy coffee which costs you a trifle less than Arbuckles' Ariosa Coffee, but you really pay more for it and do not get as good coffee.

Don't get confused—Arbuckles' Ariosa Coffee is really the cheapest good coffee in the world.

In sealed packages for your protection.

LOCAL FOOTBALL TEAM WARMING UP

Will Tackle Second Strongest Team in the State Saturday Week

The newly organized high school football team is putting in their evenings practicing for the games which they are to play with the Anderson high school team next Saturday week, September 28th.

Bennie Sparks is captain of the team, with Gurney Abernathy as assistant manager. Jack Shideler is doing the coaching for the team this season, and the boys are looking forward to great things. The game will prove an interesting one as Anderson has second place among the high school teams of the State, and if the local boys win this game it will place them in the limelight.

A number of Rushville ladies, members of the Mrs. May Donnan literary class, will go to Connersville Saturday afternoon, where Mrs. Sarah E. Dunbar, a noted lyceum and Chautauqua speaker of New York City, will deliver a free lecture at the Auditorium on "Ibsen," the great Norwegian author, philosopher and playwright.

OUR NATIONAL DANGER

Time to Cry a Halt Before a Panic Comes

The business spirit is crushing out the sweeter element of home life. We are in danger of a great commercial decline, because men, as a whole, think only of getting wealth.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights and morose disposition.

With the discovery of Mi-o-na tablets, there is no longer any excuse for one to have ill health from stomach weakness.

Mi-o-na strengthens the wall of the stomach, stimulates secretion of the digestive juices, regulates the liver and restores muscular contraction to the intestines and bowels, so no laxative is needed.

Sick headaches, palpitation, bad taste in the mouth, yellow skin, irritability, coated tongue and melancholy are a few of the many distressing results of indigestion. Mi-o-na never fails to dispel all these troubles.

Johnson's Drug Store sells Mi-o-na in 50-cent boxes, and guarantee to refund the money if the remedy does not give complete satisfaction.

Additional Locals

Bert Meredith continues quite sick with an attack of acute indigestion.

A New Castle ball club, composed of ex-leaguers will play at Connersville Sunday.

The Eagles had an interesting session last night with a buffet luncheon and doings with some "Eaglets."

County Chairman Charles A. Frazee was able to be out today after a severe attack of indigestion of several days.

Mrs. Kellum, of Connersville, who underwent an operation at the Sexton sanitarium Monday is getting along nicely.

Monroe Brecheisen was able to be down town today after a long siege of typhoid fever, which left the young athlete an almost living shadow.

The local postoffice is now encountering a dull period, but by the end of September it is thought the usual heavy business will be inaugurated.

The members of the Mahoney Council Pochontas Lodge, will entertain the members of the Ohioqua Council of Connersville at the Red Men's hall in this city Friday night.

It was rumored among the sidewalk brokers of current gossip today that a semi-raid occurred last night at one of the saloons in which two women figured. The police report that they have no knowledge of any such occurrence.

The mausoleum being made for the tomb of the late Edwin Payne by J. B. Schlichte, will soon be completed and placed in the East Hill cemetery at a cost of about \$5000. This will be one of the finest and costliest pieces of work in the local cemetery.

Greensburg Review: Married by Rev. A. R. Beach Tuesday afternoon at 3:30; John Toynes and Miss Anna Lang. The ceremony was performed at the residence of the bride's uncle, A. C. Johnson, in the presence of a few friends and relatives. The groom is a prominent young farmer of Rush county, and will, after a short wedding trip, install his bride in their own home, four miles southwest of Milroy. The bride has been employed in several capacities about the court house for the past year, a part of the time in the auditor's office with her cousin, Frank E. Ryan.

Why Some People Fall

Some people fall down in their daily work because they are physically unable to stand it, and because they do not know that Seline Pills will build up the whole body, as well as the nerves. \$1 a box; six boxes \$5, with full guarantee. Address or call Hargrove & Mullin, Rushville. This is the store that sells all the principal remedies and does not substitute.

Amusements

By request, a bill given last week at the Grand theatre will be repeated. "Englishman in a Harem," "Knowing Dogs" and "Living Silhouettes," three strong films.

The Star will have its usual nightly change tonight. Nothing but the best of films are shown at this popular little theatre.

At the Vaude tonight the strongest bill of the season will be shown. "President Falliers of France, and his Visit to the Colonial Exposition." A number of elephants are shown and the huge beasts slide down a chute into a large pool of water and swim out. "Ghost Story" and "Cambodian Customs" are the other two films shown. Mr. Wilson sings "Because I Loved You So."

Mrs. Samuel Innis and Mrs. Joseph L. Cowing were called to Greenfield yesterday on account of the serious condition of Mrs. Millie Innis, who lies critically ill in that city. Mrs. Innis was a former resident of Rush county and a well known music teacher.
